DETAILED ACTION

Claim Rejections - 35 USC § 112

Claims 105-147 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. In claims 105, 120 and 132, line 3, "may be composed" is indefinite as to whether the limitation is being claimed or not. Further, it is held that a heat sink and/or pipe would not operate if the limitation following "may be" were not in the claim.

Allowable Subject Matter

Claims 1-56, 103 and 104 are allowed.

Claims 105-147 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.

Response to Arguments

Applicant's arguments filed September 6, 2002 have been fully considered but they are not persuasive. The new claim language is indefinite as described above. This can be corrected by deleting "may be composed" from the claims.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
